- Topic** : Cyber crime
- Organized On** : 01/12/2021
- Resource Person** : Niranjan Gowda B.S
S.I of Kundapura Police station.
- Participants** : Students from first year B.E
No. of students – 200.

PREAMBLE

In the contemporary digital landscape, where technology is deeply intertwined with our daily lives, the rise of cybercrime has become a significant concern. Cybercrime encompasses a broad range of illicit activities conducted through digital channels, posing threats to individuals, businesses, and even nations. As our reliance on technology grows, understanding and addressing the complexities of cybercrime become paramount. Raising cybercrime awareness in schools and colleges is crucial into day's digital age. Educational institutions play a significant role in preparing students to navigate the online world safely.

REPORT

The NSS and YRC unit organized a cybercrime program on 1st December 2021 (“Aparadha Thade Masacharane-2021”) in our college. Niranjana sir started his speech by saying the role of students in preventing the crime. He advised the students to be careful about these crime incidents if we ignore it then definitely one or the other day, we have to pay for it. Cyber crime manifests in various forms, ranging from financial fraud and identity theft to hacking, malware attacks, and cyber bullying. Each type poses unique challenges, requiring a multifaceted approach to combat the diverse threats. Individuals are often the primary targets of cybercrime. Identity theft, online scams, and phishing attempts can lead to devastating consequences, causing financial losses and emotional distress. It is imperative for individuals to be vigilant and adopt cyber security measures to protect their personal information. Businesses face substantial risks from cyber attacks, including data breaches, intellectual property theft, and disruption of operations. The financial repercussions and damage to reputation can be severe. Cyber security measures are not only a necessity but also a strategic imperative for organizations in the digital age. Prevention is a key component of combating cybercrime. Robust cyber security measures, regular software updates, and user education are essential elements of a proactive strategy. Collaboration between government, private sector, and individuals is crucial to creating a resilient cyber security ecosystem. Educate parents about the importance of cyber security and involve them in awareness programs. Provide resources for parents to monitor and guide their children's online activities. The program was hosted by Dr.Chandra Rao Madane and Vice Principal, academic Dean, Prof. Deepak Shetty were present.

ORGANIZING COMMITTEE

Staff co-coordinators

Mr. BalaNageshwara S-NSS coordinator

Mr. Varuna Kumara-YRC coordinator

Student Coordinators:

Mr. Pratham Raykar 5th sem ECE

Ms. Amruth 3rd sem CSE

FEEDBACK

College committee: The program arrangement was well organized. Students were reactive and the response from the students was good.

Students:

The students found the program informative. By implementing these strategies, educational institutions can contribute to building a cyber-aware generation that is equipped to protect themselves and others in the digital landscape. Through education, technological innovation, international cooperation, and a commitment to ethical practices, we can build a more secure digital future. It is imperative that individuals, businesses, and government unite in the fight against cybercrime to safeguard the integrity of our increasingly interconnected world.
