### **NSS unit**

- Topic** : Planting on account of Vanamahotsav celebration
- Organized On** : 07/07/2018
- Place** : College campus,  
Moodlakatte Institute of Technology, Kundapura.
- Participants** : Students from ECE  
No. of students – 50

### **PREAMBLE**

Vanamahotsav, also known as the Forest Festival, is an annual celebration in India dedicated to the cause of planting trees and promoting environmental conservation. This celebration holds great significance as it emphasizes the importance of trees in sustaining life on our planet. Through tree plantation drives and awareness campaigns, Vanamahotsav serves as a crucial initiative to combat deforestation, enhance biodiversity.

## REPORT

The NSS unit in association with Department of ECE organized a plantation program on 7th July 2018 in college campus. Vanamahotsav is a symbolic gesture to highlight the need for environmental preservation. Trees play a vital role in maintaining ecological balance by absorbing carbon dioxide, releasing oxygen, and providing a habitat for numerous species. The celebration acts as a reminder of the interconnectedness of all living beings and their dependence on a healthy environment. The planting of diverse tree species during Vanamahotsav contributes to the promotion of biodiversity. Different trees attract various species of birds, insects, and animals, creating a harmonious ecosystem. Trees act as carbon sinks, absorbing and storing carbon dioxide from the atmosphere. By planting more trees, Vanamahotsav becomes a significant step in mitigating climate change. The festival sends a strong message about the role of forests in regulating weather patterns, preventing soil erosion, and combating the adverse effects of global warming. Vanamahotsav fosters a sense of community participation and responsibility. Schools, colleges, government organizations, and local communities come together to plant trees, organize seminars, and conduct awareness programs. This collective effort not only improves the green cover but also builds a sense of environmental stewardship among citizens. The celebration provides an excellent opportunity for educational institutions to impart knowledge about the importance of trees and forests. Students learn about the ecological significance of trees, the threats to our environment, and the role they can play in conservation efforts. This knowledge empowers the younger generation to make informed decisions for a sustainable future. The program was inaugurated by Principal Mr. Katayya. and the NSS coordinators Balanageshwara, faculties of ECE dept, students were present.

## **ORGANIZING COMMITTEE**

### **Staff co-coordinators**

Mr. Bala Nageshwara S-NSS coordinator

Mr. Raghunatha - Dept of ECE

### **Student Coordinators:**

Mr. Abhishek 4<sup>th</sup> sem ECE

Ms. Joycelita ,4<sup>th</sup> sem ECE

## **FEEDBACK**

**College committee:** The arrangement was well organized. Students were active and the response from the students was good.

**Students:** The students found the program was very use full. It was a great day in participating in the planting program. By planting trees, we sow the seeds of hope for a greener tomorrow. As we embrace the spirit of Vanamahotsav, let us commit to nurturing the saplings we plant, fostering environmental awareness, and collectively working towards a sustainable and harmonious coexistence with nature.
