Participants

2nd Year BE & Second Year MBA Students - 102

Preamble:

The Training & Placement Cell of MITK organized a one-day workshop on "Tips To Crack Campus Placement Interview" on 27th October 2018. The workshop aimed to equip students with essential skills and insights to succeed in campus placement interviews. Mr. Anil Kumar H, Senior Software Engineer from BOSCH, served as the trainer for the workshop.

Objective:

The primary objective of the workshop was to prepare students from engineering and MBA disciplines for campus placement interviews. Specific objectives included:

1. Providing tips and strategies for successful performance in technical interviews.
2. Focusing on essential concepts of the C programming language frequently asked in interviews.
3. Offering guidance on tackling group discussions (GD) and handling HR rounds effectively.

Session Highlights:

The one-day workshop on "Tips To Crack Campus Placement Interview" included the following key highlights:

1. Technical Interview Strategies:

- Mr. Anil Kumar H shared insights into the key aspects of technical interviews, emphasizing the importance of a strong foundation in the C programming language.
- Tips and techniques for solving frequently asked C programming problems in interviews were covered.

2. C Programming Concepts:

- The workshop delved into essential concepts of the C programming language, focusing on topics that are commonly tested during placement interviews.
- Practical examples and exercises were provided to reinforce understanding.

3. Group Discussion Techniques:

- The trainer offered valuable tips for excelling in group discussions, addressing aspects such as effective communication, leadership skills, and teamwork.
- Strategies for presenting ideas confidently and handling diverse opinions were discussed.

4. HR Round Preparation:

- Mr. Anil Kumar H provided insights into the HR round of placement interviews, covering common questions, expected responses, and the importance of presenting oneself professionally.
- Mock interview scenarios were simulated to familiarize students with the interview process.

Outcome with Feedback:

The workshop on "Tips To Crack Campus Placement Interview" yielded positive outcomes, as evidenced by student feedback and evaluations:

1. Increased Interview Preparedness:

- Students reported feeling more confident and prepared for upcoming campus placement interviews after attending the workshop.
- The focus on technical concepts and problem-solving in C programming was particularly appreciated.

2. Enhanced C Programming Skills:

- Feedback indicated an improvement in students' understanding of essential C programming concepts, contributing to their technical proficiency.
- Practical exercises facilitated hands-on learning and application of programming skills.

3. Improved GD and HR Round Skills:

- Participants expressed gratitude for the insights provided on excelling in group discussions and navigating HR rounds.
- The mock interview scenarios were cited as particularly beneficial in building confidence.

4. Recommendations:

- It is recommended to organize follow-up sessions or mock interviews to provide students with additional practice and feedback.
- Encouraging ongoing engagement with industry professionals for similar workshops will further enhance students' interview readiness.
